

JUNIOR

PET MASTER ADVENTURE

During the June Holidays, 20 kids were registered for the Junior Pet Master Adventure on 23 June 2017 held at The Pet Safari, VivoCity. The pirate-themed workshop allowed each fledgling pet lover a chance to go on a path of discovery, picking up careful tips on pet care before each being rewarded with a Pet Lovers Junior Club goodie bag worth \$20.

Starting off with a tour of The Pet Safari, the in-store Pet Care Consultant (PCC) shared helpful tips and pointers on how to care for small animals including our scaly reptile friends. The educational talk even included a meet-and-greet opportunity with one of the store's friendly bunny! Another DIY workshop by the Animal Arts Academy (AAA) advised junior owners on how to transform their pets

into show-reel models with simple grooming techniques and methods.

The Adventure did not stop there as esteemed dog trainer Sunny Chong from the Sunny Chong Dog Training School gave an intimate presentation on dog training tips with the assistance of two well-mannered dogs, a Poodle and a Chow. The majority of the kids were dog owners and they were all hands on deck when it came to the hands-on portion of the activity.

Even though the light drizzle kept the activities indoors and under shelter, the kids and even half of the parent crowd stayed to listen and immerse themselves in the activity.

Judging from the warm welcome from the kids, it is fair to say that they have enjoyed themselves very much and would be first in line for the upcoming Pet Lovers Junior Club event scheduled during the next school break in September 2017! Who says pet ownership is only for the adults?

Thank You
to our partners!
