

# It's All About The Birds & The Bees

An amazing event happened at The Pet Safari @ VivoCity shopping mall on 19 March 2019: For the first time in Singapore, 29 kids got up close with birds and “nature”.

Co-hosted by Pet Lovers Junior Club, Pet Lovers Centre and its partner, Oh My Bird Training School, the event was specially designed for kids. In a fun environment, the young attendees learned about birds and how to take care of them as pets through getting an insight on their behaviour in nature. For example, in the wild, birds are also exposed to branches of various sizes, widths, and orientations. Thus it is important to provide a variety of perches inside the bird cage to help prevent a pet bird from developing foot problems such as arthritis, tendonitis, atrophy or pressure sores.

Apart from being educational, the event was also hugely entertaining for the kids. Under the supervision of bird experts, the winged friends performed tricks, including making free flights and playing basketball. There was also a kids-and-bird “wefie” session, which made this learning event more fun.

Thanks to Oh My Bird Training School and their team for their support. This activity was a success for everyone — birds, kids and adults!
